www.AlwaysFinalTouch.com

**ABOUT US**

Founded in 1971, Product Specialties Inc. is a niche product development and manufacturing company committed to designing and improving highly innovative small home appliance and specialty items. In a market place dominated by multi-national corporations, we have achieved a competitive edge by focusing on the emerging market for both innovative new devices and improved versions of existing devices. Our core competence lies in our ability to improve the function of small appliance and specialty products by applying new, innovative engineering approaches. We hold both Utility and Design patents in the USA and Canada for many of our new technologies (Utility Patents) and designs (Design Patents). Some of our newer products are still in the patent application process at this time.

We develop and engineer our product line at our headquarters in Whitby, Ontario, where we also manage distribution of our products to Canadian, USA, and international markets including Asia.

INFUSED ICE BALLS  
THAT SINK!

**NEW**  
**ANCHOR ICE™**  
**SPHERES - 2 PIECE SET**

Model: FTC4602  
UPC: 8 86245 00941 7

- Adds an impressive display of style and innovation to your drinks
- Chill drinks without quickly diluting their distinctive flavours
- Large 2" size melts much slower than traditional ice cubes
- Steel frozen inside allows the ice to sink to the bottom
- Keeps ice away from your lips while drinking
- Patented

**BE CREATIVE • MULTI USE**

Add infusion to AnchorICE™ using fruit, garnishes, juices & food colouring.

**INNOVATION**  
AnchorICE™ always sinks to the bottom.

**NEW**  
Reinvents moulded ice, while conveniently expanding its use.

**IMPROVED CHILLING**  
Positioned on the bottom AnchorICE™ lasts longer than normal floating ice. †

**UNIQUE**  
Overcomes floating ice from touching your lips while drinking.

2" ALL ICE BALL 27 min **2"** VS **ANCHOR ICE™** 38 min = **40% LONGER** AnchorICE™ Spheres last up to 40% longer compared to an all ice 2" ball. †

**FTC4602 INCLUDES:**

x2  
Stainless Steel Frame:  
2" Ø (5 cm Ø)

x2  
Silicone Ice Ball Mould:  
2.8" Ø x 2.5" H (7.2 cm Ø x 6.2 cm H)

† Based on our internal testing. Environmental conditions, liquid temperature or other factors will impact melting duration.

# BOTTLE CLEANING BRUSHES

## FLEXIBLE WIDE MOUTH BOTTLE BRUSH

Model: BR10 • UPC: 8 86245 00365 1

## FLEXIBLE NARROW MOUTH BOTTLE BRUSH

Model: BR11 • UPC: 8 86245 00366 8

Wide Mouth Water Bottles

Coffee & Tea Travel Mugs

- These brushes clean hard to reach areas of bottles
- Designed for use with plastic, metal, glass, water bottles and travel mugs
- Flexible: Now clean those impossible to reach places
- 20x more durable than a sponge
- Brush material will stay firm: will not get too soft
- Makes limited access bottles easy-to-clean
- Dishwasher safe on top rack

Narrow Mouth Water Bottles

Narrow Mouth Oil & Vinegar

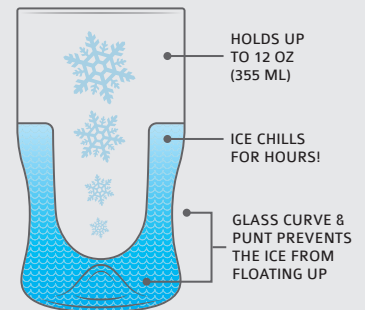

PERFECT FOR  
**ICED COFFEE!**

## NEW 20 OZ BEVERAGE GLACIER GLASS

Model: FTC601 • UPC: 8 86245 00991 2

- Keeps beverages icy cold for longer
- Simple to use, just add water, insert the mould & freeze
- Use with any beverage traditionally served with ice
- Freeze with flavoured liquids such as juice for creative flavour infused drinks!
- Mould is made of BPA-free & certified food-grade silicone
- Glass capacity 20 oz (600 ml)

Give your favourite beverages some extra chill with the Glacier Glass. Simply add water, insert the mould & freeze to create a chilled glass lined with ice.

COLA OR ICED COFFEE

JUICES & ICED TEA

COCKTAILS & COOLERS

SPARKLING WATER

**LOVE TEA?**  
TRY ROLLING.

FINAL TOUCH®  
**TEA INFUSION ROLLER**  
MUG & INFUSION BALL

Quickly infuse loose or bagged teas with 360° motion.

Rolling the infusion ball with a simple wrist motion agitates and tumbles the tea inside the ball for an even and quick infusion process.

Place bagged teas directly into the tea ball or insert the included screens for loose teas. Made from high quality stainless steel.

Dipping or hanging tea without motion slowly infuses into a small concentrated area.

## STIRRING & INFUSING WITH A TWIST

Introducing the Coffee and Tea Roller series from Final Touch®. Now mix or infuse your favourite brew with a fun and simple twist of the wrist for a uniformly mixed coffee or quickly infused tea.

**STILL STIRRING?**  
TRY ROLLING.

FINAL TOUCH®  
**COFFEE ROLLER**  
MUG & CERAMIC MIXING BALL

Experience a uniformly mixed blend from start to finish.

Rolling the ball with a simple wrist motion continuously mixes sugars or other ingredients while drinking and prevents them from settling to the bottom.

Stirring with a spoon often allows sugars or other ingredients to settle and leaves you with inconsistent flavours.

*Final Touch*® [WWW.ALWAYSFINALTOUCH.COM](http://WWW.ALWAYSFINALTOUCH.COM)

# TEA INFUSION ROLLER

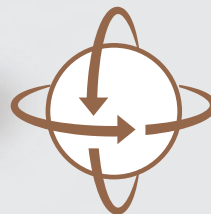

## TEA INFUSION ROLLER MUG & INFUSION BALL

Model: CAT8060 • UPC: 8 86245 00801 4  
Capacity: Up to 14 oz (400 ml)

**QUICKLY INFUSE LOOSE OR BAGGED TEAS WITH 360° MOTION.**  
Rolling the infusion ball with a simple wrist motion agitates and tumbles the tea inside the ball for an even and quick infusion process.

Dipping or hanging tea without motion slowly infuses into a small concentrated area.

**360° INFUSION**  
Rolling the infusion ball covers a 360° area while forcing water through the ball and tumbling the tea around inside.

**CONTOURED SPLIT FINGER HANDLE**  
Provides a secure grip which helps to prevent slips and spills. Accommodates large or small hand sizes and the lower curve in handle cradles fingers for added support.

**TONGS**  
The included stainless steel tongs allow for safe and sanitary transfer to-and-from the glass.

**GLASS SHAPE**  
For stronger brews leave the ball inside the glass. The glass shape will hold the ball in place while sipping.

**STAINLESS STEEL INFUSION BALL**  
Place bagged teas directly into the ball or insert the included screen for loose teas. Made from high quality stainless steel.

**COFFEE ROLLER**  
MUG & CERAMIC MIXING BALL

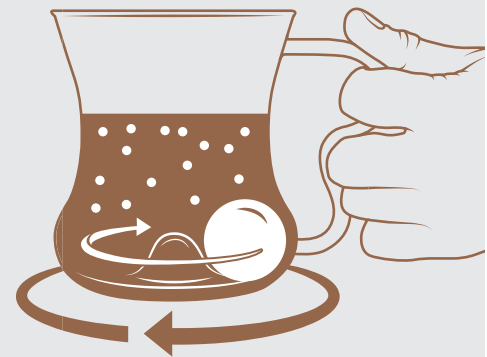

Model: CAT8061 • UPC: 8 86245 00813 7  
Capacity: Up to 14 oz (400 ml)

**EXPERIENCE A UNIFORMLY MIXED BLEND FROM START TO FINISH.**  
Rolling the ball with a simple wrist motion continuously mixes sugars or other ingredients while drinking and prevents them from settling to the bottom.

**SPOON STIRRING**  
Stirring with a spoon often allows sugars or other ingredients to settle and leaves you with inconsistent flavours.

**CONTOURED SPLIT FINGER HANDLE**  
Provides a secure grip which helps to prevent slips and spills. Accommodates large or small hand sizes and the lower curve in handle cradles fingers for added support.

**TONGS**  
The included stainless steel tongs allow for safe and sanitary transfer to-and-from the glass.

**CERAMIC MIXING BALL**  
Made from ceramic the mixing ball is highly durable and hygienic. Not only does it stir, but it also locks in heat providing a warmer drink over time.

**GLASS SHAPE**  
The outward curve of the glass will hold the mixing ball in place while sipping.

- SIMPLE TO USE**
1. Insert ball with included tongs
  2. Fill with coffee and other ingredients
  3. Roll to mix and continue to roll while drinking
  4. Enjoy consistent flavours

# MAKE THE MORNING COFFEE LAST

*Final Touch®*

## DOUBLE-WALL COFFEE SERIES

from Final Touch®

Our collection of stainless steel double-wall coffee cups feature the same astounding insulating abilities as travel mugs, but with simplicity and style.

### DOUBLE-WALL CONSTRUCTION:

- provides superior insulation
- enables beverages to stay hot for longer
- exterior stays temperature neutral; easy-to-handle
- Commercial grade 304 stainless steel
- Brushed stainless steel exterior with mirror finish interior

## INSULATED CUPS & PITCHERS

### DOUBLE-WALL ESPRESSO CUPS

Model: CAT8012 • UPC: 8 86245 00744 4

- 2.4" H x 2.5" Ø (5.9 cm H x 6.3 cm Ø)
- 2.5 oz (74 ml) each
- Set of 2

### DOUBLE-WALL COFFEE CUPS

Model: CAT8022 • UPC: 8 86245 00745 1

- 4" H x 3.4" Ø (10.2 cm H x 8.7 cm Ø)
- 8 oz (236 ml) each
- Set of 2

### DOUBLE-WALL COFFEE CUP

Model: CAT8030 • UPC: 8 86245 00739 0

- 5" H x 3.7" Ø (12.7 cm H x 9.3 cm Ø)
- 12 oz (355 ml)

### DOUBLE-WALL COFFEE CUPS

Model: CAT8032 • UPC: 8 86245 00746 8

- 5" H x 3.7" Ø (12.7 cm H x 9.3 cm Ø)
- 12 oz (355 ml) each
- Set of 2

### DOUBLE-WALL COFFEE CUP

Model: CAT8020 • UPC: 8 86245 00738 3

- 4" H x 3.4" Ø (10.2 cm H x 8.7 cm Ø)
- 8 oz (236 ml)

*Final Touch®*  
**Curvy Cup**

*Contoured Split Finger Handle:*

- provides a secure grip which helps to prevent slips and spills
- designed to accommodate large or small hand sizes
- lower curve in handle cradles fingers for added support

*Long lasting hot coffee & comfort.*

**Double-Wall Construction:**

- provides superior insulation
- enables beverages to stay hot for longer
- exterior stays temperature neutral; easy-to-handle

- Fill with coffee, tea, or any other hot or cold beverage
- Brushed stainless steel with burnt copper finish
- Solid cast handle
- 17 oz (500 ml) capacity

**Available in:**  
Burnt Copper or Brushed  
Stainless Steel Finishes

UPC: 8 86245 00799 4

Model: CAT8051 17 oz (500 ml)  
UPC: 8 86245 00800 7

### EXTRA LARGE SIZES!

- Durable borosilicate glass
- Great for use with both hot and cold beverages
- 5.4" W x 3.9" D x 5.6" H (13.7 cm W x 10 cm D x 14.3 cm H)
- Double-wall construction:
  - provides superior insulation
  - enables beverages to stay hot for longer
  - exterior stays temperature neutral; easy-to-handle

10 oz (300 ml)

17 oz (500 ml)

### FRENCH PRESS COFFEE TIMER

Model: DCT9101 • UPC: 8 86245 00262 3

Coffee brewed for 4 minutes with a French press captures more of coffee's flavour and essential oils, resulting in a rich taste and smooth texture.

# CHEESE ACCESSORIES

**NEW**

**3 PIECE**

## CHEESE BOARD SET

Model: FTA7081 • UPC: 8 86245 00974 5

### CHEESE BOARD:

- Made from durable Acacia wood that will be sure to compliment any setting
- Sealed with a food-grade water resistant finish
- Leather strap for hanging

### CHEESE KNIFE:

- Versatile design is great for cutting semi-firm to hard cheese
- Blade end is sharpened for pressing into hard cheese
- Sharp stainless steel blade
- Acacia wood handle

### CHEESE FORK:

- Used to hold cheese in place while cutting & for serving
- Also can be used to break apart crumbly cheese
- Stainless steel prongs
- Acacia wood handle

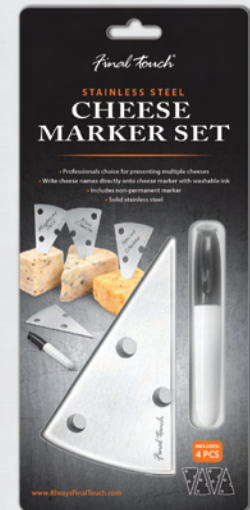

SLICE & SERVE YOUR FAVOURITE CHEESE IN STYLE WITH THIS CHEESE BOARD & KNIFE SET.

## STAINLESS STEEL CHEESE MARKERS

Model: FTA7080 • UPC: 8 86245 00820 5

- Professionals choice for presenting multiple cheeses
- Write cheese names directly onto cheese marker with washable ink
- Includes non-permanent marker and 4 stainless steel cheese markers
- Solid stainless steel

## CHEESE ACCESSORIES

**NEW**  
**2 PIECE**

### CHEESE BOARD SET

Model: CE40102 • UPC: 8 86245 00975 2

#### CHEESE BOARD:

- Made from durable Acacia wood
- Sealed with a food-grade water resistant finish
- The recessed groove along the perimeter collects crumbs, cheese brine, fruit juice & more
- 7.5" (19 cm) diameter

#### CHEESE BOARD:

- Holes in knife prevent soft cheeses, like Brie, from sticking to the blade
- Pointed end doubles as a cheese fork for serving & breaking apart crumbly cheese
- Sharp stainless steel blade with Acacia wood handle
- 7" (18 cm) length

Slice & serve your favourites in style with this cheese board & knife set. The cheese board & knife handle are made from Acacia wood that will be sure to compliment any setting. The sharp stainless steel blade glides smoothly through hard cheese, and the holes in the knife prevent soft cheese, such as Brie, from sticking to the blade.

**NEW**  
**4 PIECE**

### CHEESE BOARD SET

Model: CE40204 • UPC: 8 86245 00976 9

#### CHEESE BOARD (A)

- Made from durable Acacia wood
- Sealed with a food-grade water resistant finish
- Rustic style graphic on board
- 13.75" (35 cm) diameter

#### POINTED KNIFE (B)

- Versatile design for cutting semi-firm to hard cheese
- Also great for spreading soft cheese on crackers & bread
- Sharp stainless steel blade
- Acacia wood handle

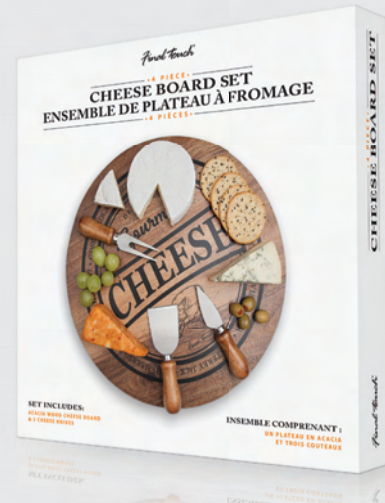

#### WIDE KNIFE (C)

- Use to cut or divide soft cheese
- Also works as a chisel for shaving down on hard cheese
- Sharp stainless steel blade
- Acacia wood handle

#### FORK (D)

- Used to hold cheese in place while cutting & for serving
- Also can be used to break apart crumbly cheese
- Stainless steel prongs
- Acacia wood handle

Perfect for wine & cheese parties, this all-in-one cheese board set has everything you need to prepare and serve. The solid wood board is made from durable Acacia wood and features a rustic style graphic. Each of the 4 included knives have different characteristics for cutting through different types of cheese.

# CONUNDRUM AERATOR DECANTERS

POURING IN OR OUT, THE CURVES OF THESE DECANTERS GENTLY DISPERSE THE WINE PROVIDING SUPERIOR AERATION AND OXYGENATION.

- The unique design helps to enhance both flavour and aroma
- Aerates wine when filling or serving
- Elegant brushed stainless steel base
- Large spout for easy filling and smooth pouring
- Available in two sizes

## L'GRAND CONUNDRUM AERATOR DECANTER

Model: WDA650 • UPC: 8 86245 00701 7

- Capacity: 750 ml (25.4 oz)
- Dimensions: 5.3" Ø x 11.4"H (13.5 cm Ø x 29 cm H)

## CONUNDRUM AERATOR DECANTER

Model: WDA600  
UPC: 8 86245 00519 8

- Half bottle capacity: 375 ml (12.7 oz)
- Dimensions: 4" Ø x 8.75"H (10.5 cm Ø x 22.5 cm H)

# CONUNDRUM GLASSES & AERATORS

## ON-THE-BOTTLE CONUNDRUM WINE AERATOR

Model: WA80 • UPC: 8 86245 00703 1

- Simply place right on the end of the bottle & pour
- Increased scent and flavour compared to serving from a bottle
- BPA-free & certified food grade silicone seal

### MULTI-STAGE AERATION INFUSION CHAMBERS

#### FIRST CHAMBER:

As the wine travels from the bottle into the first chamber, it is gently dispersed over the curves of the aerator. This first exposure to oxygen immediately increases scent and flavour.

#### SECOND CHAMBER:

As the wine flows into the larger chamber, it travels strategically over the curves of the aerator a second time which provides superior aeration and oxygenation. Finally, the wine comes to rest in the glass bursting with the ideal flavour and bouquet.

## CONUNDRUM WHITE WINE GLASSES

Model: GG5008  
UPC: 8 86245 00718 5

- Curves provide comfortable finger placement
- Mouth-blown glass

*Final Touch*<sup>®</sup>

# *Twister*

## STAINLESS STEEL TWISTER AERATOR & DECANTER SYSTEM

The Final Touch Twister 3 Phase Aeration and Oxygenation System will instantly provide up to twice as much scent and flavour compared to traditional decanters.

### FINAL TOUCH<sup>®</sup> TWISTER 3 PHASE AERATION & OXYGENATION SYSTEM:

**1**  
**PHASE 1:** Pour the wine into the Twister and the filter will catch any sediment while discharging the wine into the first aeration chamber.

**2**  
**PHASE 2:** The wine is gently dispersed again from the first Twister chamber into the specially designed second chamber.

**3**  
**PHASE 3:** The wine continues into the twisted aeration tube and travels strategically out and onto the sides of the decanter providing superior aeration and oxygenation.

**WIDE BODY DECANTER:** The large surface area of this extra wide decanter exposes the wine to even more air. When the wine comes to rest at the bottom it will be at its best and ready-to-drink!

[WWW.FINALTOUCHWINE.COM](http://WWW.FINALTOUCHWINE.COM)

# WINE AERATOR & DECANTER SETS

## TWISTER

### STAINLESS STEEL AERATOR & DECANTER SET

Model: WDA934 • UPC: 8 86245 00587 7

Instantly oxygenate your wine; no need to wait for wine to breathe in an open bottle or decanter. The unique 3 phase aeration and oxygenation system provides up to twice as much scent and flavour compared to serving from a bottle or traditional decanter.

- Enhances scent and flavour
- Instantly oxygenates your wine
- Great for all red wines
- Filters any sediment
- Patented aerator design

#### SET INCLUDES:

- Stainless steel aerator
- Aerator bowl
- Stainless steel sediment filter
- Stainless Steel aerator storage and drying stand
- Blown glass decanter

#### UNIQUE 3 PHASE PROCESS:

Providing instant and maximum aeration to an entire bottle of wine.

##### PHASE ONE

The process begins by pouring the wine through the stainless steel filter, catching sediment while discharging into the aerator.

##### PHASE TWO

The wine is gently discharged again, this time through holes inside the aerator bowl into a specially designed globe, providing a new aeration phase.

##### PHASE THREE

The wine continues into the bottom of the aerator and travels strategically out and onto the sides of the decanter providing superior aeration and oxygenation.

Finally, the wine comes to rest in the decanter ending the journey bursting with flavour and scent.

## WINE AERATOR & DECANTER SETS

### STAINLESS STEEL TWISTER AERATOR FOR DECANTERS

Model: WDA933 • UPC: 8 86245 00586 0

**FLIGHTS**  
**WINE TASTING DECANTER SET**

Model: WD304 • UPC: 8 86245 00491 7

- Tasting size: Each mini decanter holds 1/3 of a standard size bottle (750 ml)
- Become the ultimate host by offering your guests a unique wine tasting experience: Separate wine by region, by type of grape or pair a different wine with each course of your dinner. Separate the wine any way your imagination inspires you.
- Accelerated decanting: With only 1/3 of a bottle per decanter, the traditional decanting process can be completed in just 1/3 of the time
- Set includes: 3 mini decanters (250 ml / 8.5 oz each) and slate serving tray
- Product dimensions: Decanter: 5.5" H x 4" W (14 cm H x 10 cm W)  
 Tray: 5.5" W x 17" L (14 cm W x 43 cm L)

**FLIGHTS CAN CONTAIN ANY KIND OF WINE: RED, ROSÉ OR WHITE WINES.**

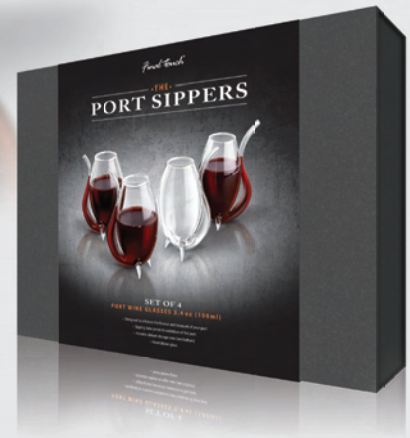

## WINE ACCESSORIES

### SET OF 4 PORT SIPPERS

Model: WGP400 • UPC: 8 86245 00344 6

- Designed to enhance the taste of port
- Deluxe storage box
- Set of 4 port sippers

### SET OF 2 LARGE PORT SIPPERS

Model: WGP402  
UPC: 8 86245 00931 8

- Designed to enhance the flavour and bouquet of your port
- Sipping tube prevents oxidation of the port
- Large 175 ml (6 oz) capacity
- Hand-blown glass

**THE SWIRL  
WINE AERATOR**

Model: WA74 • UPC: 8 86245 00708 6

Instantly oxygenate your wine; no need to wait for wine to breathe in an open bottle or decanter. The unique aeration and oxygenation system provides up to twice as much scent and flavour compared to serving from a bottle or traditional decanter.

As wine travels from the bottle into the chamber, it is gently dispersed over the curves of the aerator. This exposure to oxygen immediately increases scent and flavour.

- Silicone seal ensures for an air tight fit
- Made of blown glass
- Includes black wood storage and drying stand

**NEW  
DEER HEAD  
BOTTLE POURER**

Model: FTA7621  
UPC: 8 86245 01022 2

- Simply insert into bottle for a unique touch of elegance
- Casted metal with antique brass finish
- Once pourer is inserted into bottle, simply tilt to pour through the mouth and into the glass
- Use for wines, liquors or any other bottled drinks!
- Leak-proof seal fits most liquor & wine bottles
- 5.5" H x 2.75" W (14 cm H x 7.2 cm W)
- Hand wash

**TWIN VIN™  
DOUBLE-ENDED WINE GLASS**

Model: GG5020 • UPC: 8 86245 00772 7

The Twin Vin gives you the convenience of two glasses in one; use one end for reds and the other for whites.

- 14 oz (414 ml) white
- 20 oz (591 ml) red
- Perfect for serving reds and whites to guests
- Space saving - half the footprint of two wine glasses
- 10.25" H x 3.75" Ø (26 cm H x 9.5 cm Ø)
- Includes 1 Twin Vin™ glass
- Hand-blown glass

**SIMPLY FLIP OVER & CHOOSE RED OR WHITE ALL IN THE SAME GLASS!**

# CLEANING ACCESSORIES

## WBR SERIES WINE BRUSHES

Flexible, easy-to-use and to clean, these brushes are a must have for any kitchen. They are also great for cleaning a variety of other items such as vases, baby bottles, tall beer steins, or any other hard to clean place/item. All of our brushes are dishwasher safe on the top rack.

- Easy-to-use and to clean
- Works with vases, water and baby bottles too!
- Safe for all glasses and fine crystal; won't scratch
- Flexible: helps clean impossible to reach places
- 20x more durable than a sponge
- Brush material stays firm and won't get too soft

## 3PC HANGING CARD CLEANING BRUSHES

- Base catches drips from decanter as it dries
- Keep your countertop clean and dry
- Brushed stainless steel base and post
- Rubber tip on post to protect decanter
- Non-slip rubber feet

REMOVABLE DRYING POST FOR COMPACT STORAGE

# CORKSCREWS

## RECHARGEABLE ELECTRIC CORKSCREW

Model: WO3032 • UPC: 8 86245 00715 4

**LITHIUMion**  
BATTERY TECHNOLOGY

- Removes a cork in seconds with the touch of a button
  - Lithium-ion battery provides a longer battery life and slower self-discharge when left unused compared to other rechargeable batteries
  - Opens up to 40 bottles, approximately, when fully charged
  - Recharge on the go! Micro-USB cord allows this corkscrew to be charged from anywhere a USB port is available
  - Blue LED lights illuminate when charging and in use
  - Stainless steel body with smoked black viewing window
  - 1-hour charge time
  - Includes: electric corkscrew, USB charging cord, foil cutter and instruction manual
- ✓ Longer battery life
  - ✓ Slower self-discharge
  - ✓ Shorter charging times

### SIMPLE TO USE!

**1 PREPARE** - Remove the foil cap and place the corkscrew on the bottle.

**2 REMOVE CORK** - Simply push down on the button to remove the cork from bottle.

**3 EJECT CORK** - Push the button up to eject the cork from the corkscrew.

**MICRO-USB CHARGER** - Plug the USB charging cable into the back of the unit and the other end into a USB port or the included A/C adapter.

## PRO-STYLE WAITERS CORKSCREW

**NEW**

**MARBLE & CORK WINE CHILLER**

Model: FTC20 • UPC: 8 86245 01017 8

Keep your wine perfectly chilled for hours with this all-natural cork and marble wine chiller. Simply freeze the marble, then insert bottle of choice for the perfect centerpiece that keeps your wine chilled in style!

- Keeps pre-chilled bottles cold for hours without the mess of ice and water from traditional coolers
- Made from 100% all-natural marble & Portuguese cork
- Cork base prevents table marks from condensation
- Holds one standard 750 ml (25 oz) wine bottle under 8 cm (3.14") in diameter
- Dimensions: 18 cm H x 12 cm Ø (7" H x 4.75" Ø)
- Hand wash only

**STEP 1**  
Remove cork base from the marble.

**STEP 2**  
Place marble into the freezer for a minimum of 4 hours.

**STEP 3**  
Replace cork base and insert pre-chilled bottle of wine to enjoy chilled wine for hours!

## WINE BOTTLE CHILLERS

### STAINLESS STEEL WINE CHILLER WITH REMOVABLE FREEZER PACKS

Model: IB9 • UPC: 8 86245 00716 1

- Keeps pre-chilled bottles cold for up to 3 hours without the mess of ice and water from traditional coolers
- Commercial grade 304 stainless steel with mirror finish exterior
- Fits one standard 750 ml (25 oz) wine bottle or Champagne bottle
- Includes four removable non-toxic gel freezer packs
- Dimensions: 7.5" H x 5.1" Ø (19 cm H x 13 cm Ø)

#### REMOVABLE GEL FREEZER PACKS

The top slides up and off for easy removal of the four gel packs. Stack them in the freezer for 4 hours and re-insert when it's time to chill.

### STAINLESS STEEL ICE BOTTLE CHILLER

Model: FTC12 • UPC: 8 86245 00410 8

The Final Touch® Ice Bottle Chiller is the perfect addition to your special events. Perfect for chilling bottles and great as a romantic candle holder. Simple to use, just add water and create a conversation piece, or if you feel creative, add your decoration of choice for a stunning one of a kind centerpiece. Dress it up by adding fruits, ornaments, flowers, food colouring, or anything else; the possibilities are endless.

- The ice lasts approximately 6 hours as a bottle chiller or about 4 hours as a candle holder
- Set includes: see through ice mould with lid, stainless steel drip basin display stand (catches melting ice) and instructions with more ideas, tips and tricks

#### EASY-TO-USE

Fill mould with water and cover with lid.

Place in freezer for 24 hours.

Remove ice from mould and place on display stand.

**KOOL POUR**  
WINE COOLER & BOTTLE POURER

Model: KT520 • UPC: 8 86245 00582 2

- Clear spout with straight cooling stick
- Includes: 1 Kool Pour
- Reusable - Use again and again
- Non-toxic gel - BPA-free
- No-spill pour through spout
- Keep whites chilled for 1 hour
- Cool down reds in 15 minutes

**KOOL TWISTER**  
WINE COOLER & BOTTLE POURER

Model: KT523 • UPC: 8 86245 00569 3

**WINE TASTES BEST SERVED AT THE IDEAL TEMPERATURE**

The Kool Twister™ is the perfect solution for keeping white wines chilled for up to 1 hour or cooling down red wines within 15 minutes. Wine experts agree: "nothing can influence the taste of a good bottle of wine more than the temperature".

- Clear spout with twisted cooling stick
- Includes: 1 Kool Twister™
- Reusable - Use again and again
- Non-toxic gel - BPA-free
- No-spill pour through spout
- Keep whites chilled for 1 hour
- Cool down reds in 15 minutes

**FREEZE**

Place the chilling stick in the freezer for 1.5 hours or overnight.

**OPEN**

Open the bottle and pour a small amount into a glass to make room for the chilling stick.

**COOL**

Insert the chilling stick into the bottle neck and ensure the rubber seal is tightly secured.

**POUR**

When you're ready to pour, simply pour straight from the bottle without any drips or spills.

**STOPPER**

Pull the chilling stick out from the bottle. Slide the rubber stopper down over the hole and reinsert.

FINAL TOUCH®  
**ON THE ROCK GLASS**  
TRULY A NEW WAY TO ENJOY ON THE ROCKS

Traditionally scent, temperature, and taste were the keys to drinking scotch or whiskey. The On The Rock Glass series brings two new elements, chilling and motion, to the tasting experience.

The elegant design of the glass allows you to roll the ice or steel ball around the ROCK peak with a simple and easy motion. The rolling motion of the ball will chill your drink while stimulating the senses. See how chilling and motion take your drinking experience to the next level.

**ON THE ROCKS**  
SERVED WITH ICE.

Adding a little water to whiskies can sometimes help open up the flavours and aromas. This occurs due to a reaction between the added water and amino acids in the whiskey.

**EXTRA LARGE 2" ICE BALL**

Fill the silicone mould to fill line and put in the freezer to make a single 2" solid ice ball that outlasts and dilute much slower than traditional ice cubes.

**LOOK FOR THIS ICON:**

ON THE ROCKS

**CHILLED NEAT**  
SERVED WITHOUT ANY WATER OR ICE.

Older and more expensive single-malt scotches, bourbons and Irish whiskies can provide many benefits when enjoyed neat. Adding water or dilution to these types of whiskies can bruise and mask flavours in these finely crafted and aged whiskies.

**STAINLESS STEEL CHILLING BALL**

Our chilling ball is filled with a non-toxic gel helping it to outlast traditional ice cubes. The stainless steel chilling ball will never melt providing a more flavourful and colder drink

**LOOK FOR THIS ICON:**

CHILLED NEAT

## HOW TO ROCK & ROLL WITH SILICONE ICE BALL MOULD SETS

1 Fill the silicone ice ball with water to the indicated fill line.

2 Place ice ball mould into the freezer for 3-4 hours or overnight.

3 Remove ice ball from freezer and remove ice ball from mould.

4 Fill glass with liquor of choice then roll and enjoy!

## ON THE ROCK GLASS DECANTER SET

Model: GS402 • UPC: 8 86245 00987 5

**ON THE ROCKS**

### 10 PIECE SET INCLUDES:

- 4 Hand-Etched On The Rock Glasses
- 4 Silicone Ice Ball Moulds (2" dia.)
  - Liquor Decanter
  - Decanter Stopper

### FEATURES:

- **ROLLING:** The shape of the glass makes rolling easy without spilling. A slight hand movement rolls the ice ball around the ROCK evenly and cools your favourite scotch, whiskey or liquor to perfection.
- **ON THE ROCK:** The peak in the bottom of each glass helps to create a natural liquid motion, which enhances the nosing of aromas.
- **GLASS PATTERN:** Each On The Rock Glass features a Japanese inspired Yurai pattern that is cut and polished by hand.
- **2" ICE BALL:** Fill the included silicone mould to fill line and put in the freezer to make a single solid ice ball that outlasts traditional ice cubes.
- **DECANTER & STOPPER:** This mouth-blown decanter features a solid glass stopper that helps seal in freshness and aroma. Holds up to 1 litre of your favourite spirit.

### SPECS:

- Glass Capacity: 8 oz (236 ml)
- Glass Size: 3.5" Ø x 3.5" H (9 cm Ø x 9 cm H)
- Decanter Capacity: 35 oz (1 L)
- Decanter Size: 3.5" Ø x 3.5" H (9 cm Ø x 9 cm H)
- Ice Ball Size: 2" diameter

NEW

## WHISKEY TASTING GLASSES

Model: GS100 • UPC: 8 86245 01015 4

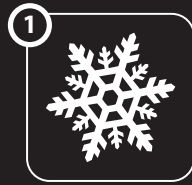

- Designed for tasting whiskey, scotch or any other liquor
- Provides enhanced aromas & flavours
- 6.5 oz (192 ml) capacity & ideal for 1-2 oz (30-60 ml)
- 4.5" H x 2.6" Ø (11.5 cm H x 6.6 cm Ø)
- Lead-free crystal
- Set of 2 glasses

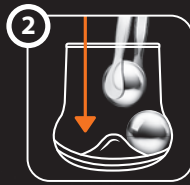

## HOW TO ROCK & ROLL WITH STAINLESS STEEL CHILLING BALL SETS

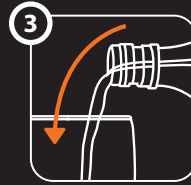

See page 41 for more information.

Place chilling balls in freezer for at least 4 hours before use.

Use the included tongs and place chilling ball(s) into the glass.

Pour the liquor of choice into the glass.

Roll and Enjoy!

## DUAL ROLLING CHILLING BALLS & ZERO DILUTION.

The RockRoller™ brings two elements, chilling and motion, to the scotch or whiskey drinking experience. A simple wrist motion rolls each of the chilling balls around the bottom and the outward curve prevents them from rolling out while sipping. The dual stainless steel chilling balls chill faster and longer with ZERO dilution. A pair of tongs are included for safe handling of chilling balls.

### ROCK ROLLER™ WHISKEY GLASS

ENJOY WITHOUT COMPROMISE.

FINAL TOUCH®  
**RUMTASTER™**  
GLASS

Perfectly designed for rum, this glass helps you to taste and discover the complexity of aged rums. The curved profile of the glass flares out at the top to help release aromas within the lower bulb. The bottom of the glass feature a peak which creates a natural liquid motion further increasing the nosing of aromas.

There is a new wave of distillers that are creating and aging rum so top-notch that you deserve the right glass to truly appreciate them.

**RUM ROLLER™  
FOR MIXED RUM COCKTAILS**

Model: GR520 • UPC: 8 86245 00819 9

**THE RUMROLLER BRINGS THREE ELEMENTS, ZERO DILUTION, CHILLING & MOTION, TO THE RUM DRINKING EXPERIENCE.**

The two stainless steel chilling balls are essential as aged rum should not be served with traditional ice because the ice will slowly bruise the aged rum. Bruising will result in an inconsistent taste from beginning to end, as well as loss of aroma and flavour.

A simple wrist motion rolls each of the chilling balls around the bottom. The outward curve prevents them from rolling out while sipping. The glass profile flares out at the top to help release aromas while drinking. Tongs are included for safe and clean handling of chilling balls.

The RumRoller's chilling & motion, with zero dilution, will take your experience to the next level.

**STEP 1**

Place chilling balls in freezer for at least 4 hours before use.

**STEP 2**

Use the included tongs and place chilling balls into the glass.

**STEP 3**

Pour your favourite rum and coke or liquor of choice into the glass.

**STEP 4**

Roll and enjoy!

**Glass Capacity:** 20.2 oz (600 ml)  
**Glass Dimensions:** 5.1" H x 4.5" Ø (13cm H x 11.5cm Ø)  
**Includes:** RumRoller™ Glass, 2 Chilling Balls and Tongs  
**Chilling Ball:** 1.5" (3.7cm)  
**Washing:** Handwash only

FINAL TOUCH®

# 酒 Sake

"JAPANESE RICE WINE"

Unlike wine or liquor produced by fermenting sugar, Sake is brewed much like beer. It's produced by converting rice starch into sugars and then fermenting into alcohol.

Sake can be served chilled, room temperature or heated. This all depends on quality, preference or grade of the Sake. Lower grade Sake is usually served hot and high quality Sake is served slightly chilled, as heating it can mask the flavours.

If it's hot, cold or warm Sake you prefer, these products can help improve the sake experience!

日本酒

**NEW**  
**2 PIECE FROSTED**  
**Sake Decanter**

Model: SK5301 • UPC: 8 86245 01028 4

Sake can be served chilled, room temperature or heated. This all depends on quality, preference or grade of the Sake. Lower grade Sake is usually served hot and high quality Sake is served slightly chilled, as heating it can mask the flavours.

If it's hot, cold or warm you prefer, this decanter keeps Sake at the ideal temperature!

- Ideal for keeping Sake at the perfect temperature
- Simply fill the bottom of the decanter with warm water or ice and water to help maintain temperature
- Top nests inside base keeping the Sake submerged in the water
- Top capacity: 7.6 oz (225 ml)
- Bottom capacity: 27 oz (800 ml)

Decanter separates into two pieces for easy serving, filling and cleaning.

**HOT OR WARM**

Fill with hot or warm water.

**OR**

**CHILLED**

Fill with cool water or ice and water.

- Handwash only

SEE PAGE 105  
Hammered Moscow Mule

## MOSCOW MULE

Many cocktails call for a specific type of glass just like a martini needs a martini glass. The Moscow Mule Mug made popular in 1950's is a must for the historic Moscow Mule cocktail.

## MOSCOW MULE RECIPE

**Directions:**  
Add ice cubes to Moscow Mule Mug and pour vodka over ice. Add lime juice and ginger beer. Stir ingredients together and garnish with lime and mint.

- Ingredients:**
- 2 oz Vodka
  - 6 oz Ginger Beer
  - 1/2 oz Fresh Lime Juice
  - 1 Sprig of Mint
  - 1 Lime Slice

## NEW COPPER-PLATED MOSCOW MULE

**NEW**

**AGAVE**

## TEQUILA DECANTER

Model: TQ5301 • UPC: 8 86245 01021 5

- Inside of decanter is designed & inspired from the Agave plant that is used to make Tequila
- 100% all-natural Portuguese cork stopper helps seal in freshness
- Wide spout provides a smooth pour every time
- Holds up to 850 ml and ideal for a standard 750 ml (25 oz) bottle of Tequila
- Handmade and hand wash only
- 7.6" H x 4.3" Ø (19.5 cm H x 11 cm Ø)

### THE AGAVE PLANT

Tequila is made from a plant called the Agave ('Uh-Gah-Vee'), which is a spiky plant found in Mexico and other southwestern parts of the United States.

Agave plants usually take around 8 years to reach maturity before they are distilled into Tequila from the cooked and fermented juices. While there are hundreds of different types of Agave plants, Tequila can only legally be made from the Blue Agave plant.

**NEW**

**HIMALAYAN**

## TEQUILA SHOT GLASSES

## GLASSES

### KANALOA

GOD OF THE SEA

Ruler of the sea and the underworld. Some chants say Kanaloa is also a teacher of magic.

### LONO

GOD OF FERTILITY & PEACE

Descended on earth riding a rainbow, Lono is the protector of fertility and peace. Chants say he is the protector of plants, life and ensures rainfall is plentiful.

### KU

GOD OF WAR

Ruler of the land, Kū and his consort Hina practiced human sacrifice like no other. In the Hawaiian language, the word 'ku' means "standing up" while 'hina' means "fallen down".

### KANE

GOD OF LIGHT & LIFE

As the creator of light and life, Kane is the most powerful of these four gods. He formed heaven, earth and all his wonderful creatures.

- Set includes 2 glasses 13.5 oz (400 ml) & layering tool
- Detailed instructions inside gift box

## RAINBOW COCKTAIL LAYERING TOOL

Model: CD3159  
UPC: 8 86245 00526 6

- New Packaging
- Includes layering tool only

**Cold**

**Hot**

**Lightest**

**Alcohol**

**Juices**

**Syrups / Liqueurs**

**Heaviest**

**Lightest**

**Cream**

**Coffee**

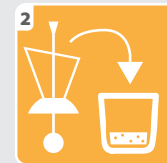

**Sugar Cane Irish Whisky**

**Heaviest**

### HOW TO LAYER LIKE A PRO!

**1** First pour the heaviest liquid with the most sugar content into the glass.

**2** Place the layering tool onto the glass rim.

**3** Slowly pour the second layer with a liquid less dense than the last.

**4** The layers are slowly made one on top of the other making the perfectly layered drink. **Repeat step three for more layers.**

# THE YARAI SERIES

CLASSIC MIXING TOOLS FOR CLASSIC COCKTAILS

**YARAI JIGGER**  
3.4 oz (100 ml)

**YARAI MIXING PITCHER**  
13.5 oz (400 ml)

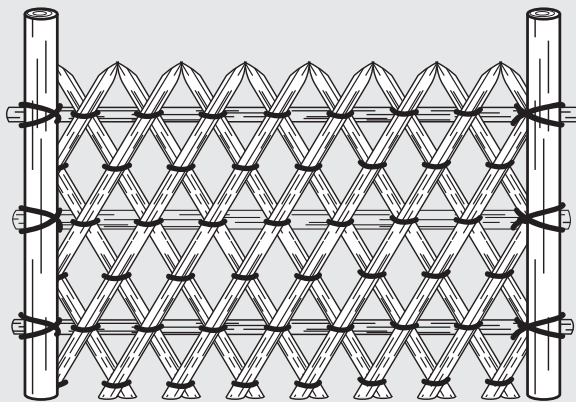

**LARGE YARAI MIXING PITCHER**  
20.2 oz (600 ml)

**STAINLESS STEEL YARAI MIXING PITCHER**  
16.9 oz (500 ml)

**STAINLESS STEEL COCKTAIL MIXING SPOON**

## "THE YARAI"

Behind everything in the Japanese culture there is meaning and symbolism. The Yarai pattern found on our mixing pitcher is no exception. The original word consists of 2 parts, "Ya (arrow) + Rai (coming)". Translated by one Japanese man as arrows coming through from the sky.

The tale says that the pattern is inspired by an old type of bamboo fence, common in Japan several hundred years ago. Today the Yarai fence is used to give an authentic look to a Japanese traditional garden or house.

## PERFECT FOR MIXING UP MARTINIS, MANHATTANS & OTHER COCKTAILS!

This age-old bartending tool is perfect for mixing up classic cocktails. The method of stirring vs. shaking is a more gentle technique for mixing cocktails while adding the perfect amount of dilution.

# MIXING PITCHERS

## YARAI GLASS JIGGER (100 ML)

Model: FTA7035  
UPC: 8 86245 00768 0

- Indicator lines in ml & oz
- Martini blown glass shape
- Also use as Martini tasting glass or shot glass
- Clear view for easy measuring and pouring

## MEASURING TOOLS

### DUAL CHAMBER PRO-MEASURE BOTTLE POURER

Model: FTA7051 | UPC: 8 86245 00883 0

- Measure and pour precise 1 oz (30 ml) shots quickly and easily
- Simply insert into bottle, tilt 45° to measure and pour
- Dual chambers measure the next shot while pouring the first. Just return the bottle upright and you're ready to pour again!
- Leak-proof silicone seal fits most bottles
- BPA-free and certified food-grade plastic
- Works with liquor, liqueur, simple syrup and lemon or lime juice

#### DUAL CHAMBERS

The unique dual chamber design automatically measures the next shot while you pour the first.

#### CHAMBER 1

Tilting the bottle 45° fills chamber 1 with 1 oz (30 ml) of liquor.

#### CHAMBER 2

As chamber 1 fills, the liquor exits chamber 2 and passes through the spout into the glass. When the bottle is returned upright, the liquor from chamber 1 flows into chamber 2 and you're ready for the next pour.

#### EASY TO CLEAN

Simply remove the stopper and unscrew the lock nut.

### ONE DRINK MULTI-MEASURE GLASS SERVE ALL DRINKS EQUALLY.

Model: FTA1858 • UPC: 8 86245 00930 1

There are many different conceptions of how much one drink of beer, wine and liquor should be. Did you ever wonder how much one drink really is?

There are few worldwide standards, but one is the definition of ONE DRINK. The world organizations that regulate what we eat and drink (including the US Food and Drug Administration-FDA) all agree on a single definition or specification for what is ONE DRINK.

#### THREE MAIN ALCOHOLIC BEVERAGE GROUPS:

WINE 12%  
5 oz (142 ml)

LIQUOR 40%  
1.5 oz (43 ml)

BEER 5%  
12 oz (341 ml)

#### "THE ONE DRINK"

- Pour equally measured drinks every time!
- 3 standard measuring sizes for beer, wine and liquor
- Place the glass upright to measure wine and beer or flip over to measure liquor for on the rocks or cocktails
- Spouts on each end provide easy pouring without messy drips
- Dimensions: 9 cm Ø x 16.5 cm H
- Mouth-blown glass

6 BALL

- Revolver stand: 2.25" H x 2" Ø (5.75 cm H x 5 cm Ø)

**DAS BEER BOOT**

The beer boot, or "Bierstiefeln" in German, is believed to have been introduced by a German general. The general promised his troops a drink from his boot if they were victorious in battle. When victorious, the general had a boot made from glass to fulfill his promise to his troops.

**DAS BEER BOOT WITH HANDLE**

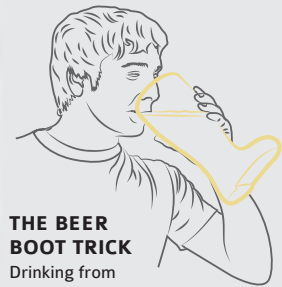

Model: GG5010 • UPC: 8 86245 00743 7

- Capacity: 23.6 oz / 700 ml
- Machine-blown glass
- Dimensions: 7.8" H x 4.9" heel to toe (19.8 cm H x 12.5 cm heel to toe)

**DAS BEER BOOT**

Model: GG5001 • UPC: 8 86245 00579 2

- Capacity: 1 L or 33 fluid ounces
- Machine-blown glass
- Dimensions: 9.8" H x 5.8" heel to toe (25 cm H x 14.75 cm heel to toe)

**THE BEER BOOT TRICK**

Drinking from a beer boot can be a challenge and can result in an unexpected beer shower if not done correctly. The trick is to slowly point the toe to the left or right as the glass is emptied. If the toe is pointed upwards while drinking, the toe will build up pressure and release unexpectedly, spilling beer everywhere.

**DAS BOOT LIQUOR SHOT GLASSES**

Model: GG5004 • UPC: 8 86245 00756 7

- Machine-blown glass
- Holds up to 1.5 oz (44 ml) each
- A must have for every home bar
- 3.1" H x 2.3" heel to toe (7.9 cm H x 5.9 cm)

# BEER ACCESSORIES

### STEP 1

Fill glass halfway with lager or pale ale.

### STEP 2

Place tool on top of glass.

### STEP 3

Slowly pour stout beer into center.

### STEP 4

Remove tool from glass and enjoy!

## BLACK & TAN BEER LAYERING TOOL

Easily create a perfectly layered Black & Tan beer with this stainless steel layering tool. This tool slows the pour so you can layer beers of different densities such as lagers and stouts. Simply fill the glass halfway with pilsner or lager, then place the tool on the glass and pour through the stout beer.

- Create perfectly layered Black & Tans
- Layer beers of different densities like lagers and stouts
- Stainless steel construction
- 0.75" Ø x 0.5" D (9.6 cm Ø x 1.4 cm D)
- Dishwasher safe

## BLACK & TAN BEER LAYERING TOOL

Model: FTA7015  
UPC: 8 86245 00758 1

### INCLUDES:

- Black & Tan layering tool  
9.6 cm Ø x 1.4 cm D

- 4 beer tasting glasses
- Dark stain pine wood serving paddle
- Beer wheel tasting guide

## TURN WATERMELONS OR OTHER FRUITS INTO A DRINK DISPENSER!

Use this kit to turn an everyday watermelon or pumpkin into a drink-dispensing keg. You'll be a hit at barbecues, picnics and other occasions. This shank and faucet combo is easily installed into a standard, hollowed-out watermelon or pumpkin and will provide hassle-free dispensing for all your premium cocktail creations.

### STEP 1.

Slice to keep the melon standing straight (optional).

### STEP 2.

Cut a lid from the top, scoop clean and set fruit innards aside.

### STEP 3.

Use the included coring tool to make a hole, insert the shank and attach the faucet.

### STEP 4.

Fill the melon with blended watermelon or your beverage of choice.

**WORKS GREAT WITH PUMPKINS TOO!**

# Watermelon TAPPING KIT keg

## WATERMELON KEG TAPPING KIT

### LARGE SILICONE DRYING MAT

Model: FTA1881-9 (Red)  
UPC: 8 86245 00592 1  
Model: FTA1881-7 (Black)  
UPC: 8 86245 00593 8

- Design maximizes airflow and drainage to dry items faster
- Large enough for 6-8 red wine glasses or 8-12 white wine glasses 12.75" x 9.5" (32x24 cm)
- Can also be used as a trivet; heat resistant up to 425°F (220°C)
- Soft silicone material is non-slip, protecting delicate stemware and other barware items
- Made from food-safe silicone
- Easily rolls up for storage

## WINE ENHANCERS

### PHA-ZAIRE™ WINE AERATION SYSTEM

Model: WDA909 • UPC: 8 86245 00255 5

- Pha-zaire™ patented double-wall glass wine scent and flavour enhancer aerator
- Stainless steel sediment filter filters any sediment in wine
- Experience up to twice as much scent and flavour
- Instantly oxygenates your wine
- Great for all red wines
- Blown glass decanter

#### SET INCLUDES:

- Double-Wall Glass Aerator
- Blown Glass Decanter
- Stainless Steel Sediment Filter

### 3 PHASE AERATION PROCESS:

**PHASE 1:**  
The process begins by pouring the wine through the stainless steel filter, catching sediment while discharging into the aerator.

**PHASE 2:**  
The wine is gently dispersed again, this time through holes in the aerator into a specially designed globe, providing a new aeration phase.

**PHASE 3:**  
The wine continues into the bottom of the aerator and travels strategically out and onto the sides of the decanter providing superior aeration and oxygenation. Finally, the wine comes to rest in the decanter ending the journey bursting with flavour and scent.

### BLOWN GLASS WINE SCENT & FLAVOUR ENHANCER

Model: WA5  
UPC: 8 86245 00121 3

The Wine Scent and Flavour Enhancer oxygenates or aerates younger red and some white wines to help release the bouquet.

The benefit from oxygenating wine can mean an experience of up to twice as much scent and flavour.

The Wine Scent and Flavour Enhancer performs this enhancement without a decanter, right on the end of the bottle so that you can pour directly into the glass.

- Includes matching glass stopper
- Black silicone gasket ensures for a air tight fit
- Made of blown glass with silver rim detail
- Includes brown wood storage and drying stand

### FOLDING LEVER CORKSCREW

Model: WO6010  
UPC: 8 86245 00896 0

- Opens both natural and synthetic corks with ease
- Folding handle for compact storage
- Bottleneck lock provides steady uncorking
- Metal handle, gears and bottleneck lock are made from electroplated zinc alloy
- Includes replacement spiral

1 Swing handle back and place corkscrew onto bottle.

2 Fasten the bottle neck lock.

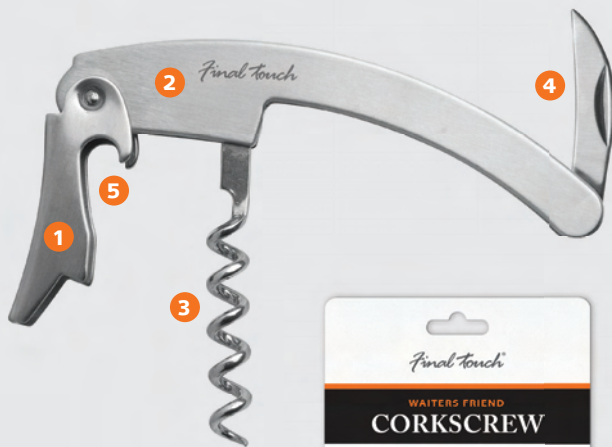

3 Hold bottle and swing the handle left and right to remove cork from bottle.

4 Release neck lock and remove the corkscrew from bottle.

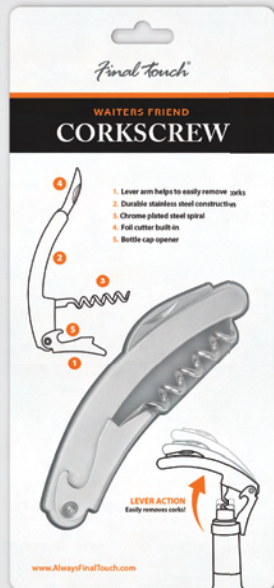

5 Swing handle left and right to eject the cork.

### WAITERS FRIEND CORKSCREW

Model: FTA6114  
UPC: 8 86245 00893 9

1. Lever arm helps to easily remove corks
2. Durable stainless steel construction
3. Chrome plated steel spiral
4. Foil cutter built-in
5. Bottle cap opener

### SMOOTH MOVE CORKSCREW

Model: WO4700 • UPC: 8 86245 00218 0

- Built-in spring removes the cork without tugging; simply turn the handle and the cork easily comes out
- Spring Assist makes removing a cork effortlessly!
- Brilliant polished metal handle
- Turn the opposite way and Spring Assist ejects the cork
- The first turn will be as easy and smooth as the last
- Includes foil cutter

## ASSEMBLED WINE RACKS

# ASSEMBLED WINE RACKS

- Steel crossed frame on front and back locks into wood
- Wine rack is very sturdy; keeps its shape and will not wobble
- Set is easy to expand vertically or horizontally using optional rack connectors and additional wine rack(s)
- Neck label protectors included
- Available in beautiful Cherry and Maple finishes

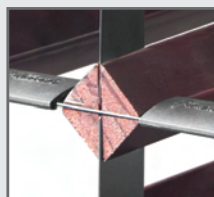

## FULLY ASSEMBLED RIGHT OUT OF THE BOX.

The Final Touch® FTR Series Assembled Wine Racks are commercial grade and built with a solid steel crossed frame that locks into the front and back of wood. This design makes these wine racks very sturdy and helps to keep its shape to prevent wobbling. The included neck label protectors simply snap onto the frame and helps to protect bottle labels from becoming scratched or ripped.

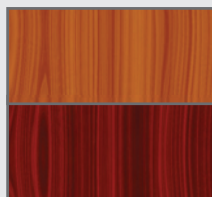

## NO TOOLS REQUIRED.

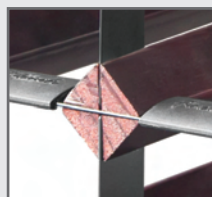

Steel frame locks into wood.

Neck label protectors included.

Available in Maple & Cherry finish.

Vertically & horizontally expandable.

Expandable with extension kits

Stabilizer bracket secures rack against the wall.

or visit <http://goo.gl/IP81MY>

Remove the center lock ring from the holder.

**RESEALABLE BAGS**  
Insert the ring into the bag below the seal.

**NON-SEAL BAGS**  
Feed the bag through the ring and over the sides.

Slide the bag down through the holder and lock the bag in place with the lock ring.

Lastly, pour soup, pasta or other items into the bag without making a mess.

# BOIL GUARD

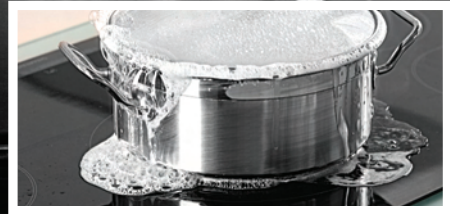

## NEVER BOIL OVER AGAIN!

SIMPLY PLACE ON THE SAUCEPAN AND IT'S READY TO USE!

It's ingenious and it really works! Use with milk, pasta, rice and other food that is prone to boiling over. Thanks to the Boil Guard your stovetop will stay spotless - nothing will boil over again!

### DEMO VIDEO:

See the Boil Guard demo video by scanning this QR Code with the reader on your mobile device or visit <http://goo.gl/wsjhP6>

## BOIL GUARD

### ENERGY SAVER

The middle piece will act as a vent and will allow steam to escape to prevent boiling over. This maximizes the internal cooking temperature, increasing energy efficiency vs. cooking without the lid.

### HEAT RESISTANT / BPA-FREE FOOD-GRADE SILICONE

Made of FDA approved food-grade silicone. BPA-free. Temperature resistant up to 230°C (446°F). Can also be used as a trivet.

### GREAT FOR STEAMING

Easily steam vegetables. Use as a double steamer with rice or other grains in the bottom.

### MICROWAVE SAFE

Use as a splatter guard (right side up) or as a steamer lid (inverted).

### OVEN & STOVETOP SAFE

Use with or without the middle insert to prevent splatter in the oven or on the stovetop.

### DISHWASHER SAFE

Easy-to-clean, just place in the dishwasher.

10"Ø (25.5 CM)  
**BOIL GUARD**  
Ideal for medium sauce pans and pots from: 5.5" - 8" (14 cm - 20 cm)

**CHERRY RED:**  
Model: ABL2550-9  
UPC: 8 86245 00539 6

**BLACK:**  
Model: ABL2550-7  
UPC: 8 86245 00538 9

# KITCHEN ACCESSORIES

## 3-IN-1 OPENER CAN TABS, BOTTLE CAPS & TWIST CAPS

Model: FTA7008-7 • UPC: 8 86245 00730 7

- Opens any drink without effort
- Great for kids, adults and seniors
- Opens twist cap, bottle cap or tabbed cans
- Patented

## SILICONE CAN STACKER

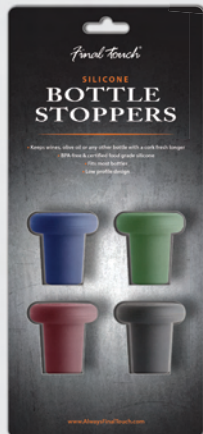

Model: FTA7024-1 (Grey)

UPC: 8 86245 00779 6

Model: FTA7024-9 (Red)

UPC: 8 86245 00778 9

- Silicone base does not stick or slip
- Ideal for 12 pack, fits up to 15 cans
- Space saving

## SILICONE BOTTLE STOPPERS

Model: FTA1846 (48PC) • UPC: 8 86245 00454 2

Model: FTA7005 (4PC) • UPC: 8 86245 00727 7

- Seal wine, olive oil or any other bottle with a cork quickly and easily
- Low profile design
- Fits most bottles

## MICROFIBER POLISHING CLOTH CDU

Model: GPC5164

UPC: 8 86245 00760 4

- Remove streaks and smudges from glassware
- Perfect cleaning with just water
- Extra large size prevents hands from touching glass when polishing
- Lint and scratch free
- Machine washable; reuse over and over again
