Our Story

Soma is a New York based, San Francisco founded design company that exists to hydrate the world.

Soma is made from the highest quality materials right down to the sustainable white-oak handle and light-weight and durable borosilicate glass.

Here's to simple, healthy hydration everywhere.

Our Mission

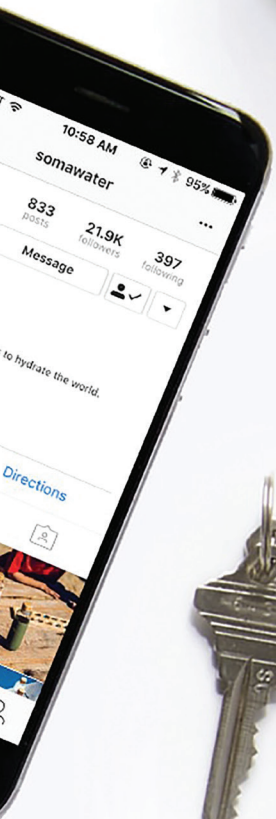

We believe water is essential. That's why we're committed to using it as a catalyst to help people and our planet thrive.

A portion of every Soma purchase goes directly towards funding projects to bring safe drinking water to millions who don't have access to it.

Though our partnership with charity:water, we are creating a healthier, happier planet.
